This schedule is recommended by the Centers for Disease Control and Prevention (CDC) as of February 2011. It applies to children who receive their shots on time and in the United States.

The best place to get baby shots is through your child's doctor or health plan.

If you have insurance, and it covers vaccines, please bring your insurance card with you.

El mejor lugar para recibir las vacunas para su niño es por medio de su doctor o su plan de seguro médico.

Si usted tiene el seguro, y esto cubre vacunas, por favor traiga su tarjeta de seguros con usted.
