

vaccine safety resources

American Academy of Pediatrics (AAP)

aap.org/immunization

The AAP is an organization of 60,000 primary care physicians, pediatric medical subspecialists and pediatric surgical subspecialists dedicated to the health, safety and well being of infants, children, adolescents and young adults.

The AAP web site includes information in both English and Spanish on:

- Immunization schedules
- Audio clips of vaccine experts
- FAQs on diseases and vaccines
- Access to vaccines

Centers for Disease Control and Prevention (CDC)

cdc.gov/vaccines

The CDC is a government resource for vaccine safety.

The CDC web site includes:

- ACIP recommendations
- National Health surveys
- Vaccine Information Statements
- Vaccine Safety Datalink
- Vaccine Adverse Event Reporting System
- Clinical Immunization Safety Assessment
- Interactive schedulers
- Web pages on safety

Immunization Action Coalition (IAC)

immunize.org

The IAC works to increase immunization rates and prevent disease by creating and distributing educational materials for health professionals and the public that enhance the delivery of safe and effective immunization services.

IAC's web site includes:

- Immunization handouts for patients and staff
- Newsletters about vaccinating children and adults
- Facts on diseases and vaccines
- Vaccine Information Statements and translations
- Ask the Experts Q&As for vaccinators
- Immunization record cards

Every Child By Two (ECBT)

vaccinateyourbaby.org • ecbt.org

Every Child By Two, founded by Rosalynn Carter and Betty Bumpers, is an organization devoted to raising awareness of the critical need for timely immunizations. ECBT's Vaccinate Your Baby web site is a one-stop shop for families with questions about vaccines.

The Vaccinate Your Baby web site includes:

- Video FAQs from top experts
- Vaccine safety studies
- Links to Facebook page and vaccine blog
- Information on vaccine development, ingredients and reasons for recommended schedules

Vaccine Education Center

vaccine.chop.edu

The Children's Hospital of Philadelphia's Vaccine Education Center provides complete and up-to-date information about vaccines to parents and health care professionals.

The Vaccine Education Center's web site includes:

- Factsheets on common questions such as thimerosal, aluminum and the number of vaccines recommended on the schedule
- Videos and booklets on vaccine safety
- Information regarding preventable diseases and vaccines
- Parents PACK, which offers a web site and monthly e-mail newsletter

National Network for Immunization Information (NNii)

immunizationinfo.org

NNii is a service provided by Immunizations for Public Health, a Texas-based nonprofit corporation dedicated to making immunization information available to those who need it.

NNii's web site includes:

- Factsheets on each vaccine
- Web pages on safety issues, such as ingredients, exposure parties and the recommended schedule
- Vaccines recommended for pregnant women
- FAQs

Institute for Vaccine Safety

vaccinesafety.edu

The Institute for Vaccine Safety provides an independent assessment of vaccines and vaccine safety.

The Institute's web site includes:

- Independent evaluations of vaccine safety
- All vaccine components, including Thimerosal, for approved vaccines
- Vaccine exemption laws and links to state legislation
- Vaccine schedules, recommendations, package inserts and manufacturers

Parents of Kids with Infectious Diseases (PKIDs)

pkids.org

PKIDs' mission is to educate the public about infectious diseases, the methods of prevention and transmission, the latest advances in medicine, and the elimination of social stigma borne by the infected.

PKIDs' web site includes:

- How vaccines and the immune system work
- What the world would look like without vaccines
- Infectious Disease Workshop materials
- Stories of children who have had vaccine-preventable diseases
- Q&As about vaccine safety
