

Arizona State Immunization Information System (ASIIS)

On January 1st, 1998, the Arizona State Legislature mandated that all immunizations administered to children, birth to 18 years of age, be documented in ASIIS. This web-based program allows schools, child care centers, provider offices and others to view and record vaccination records. Additionally ASIIS provides the data necessary to assess Arizona's immunization coverage levels and areas which may need improvement.

To find resources and training materials please visit the ASIIS home page at asiis.azdhs.gov;

- ASIIS Enrollment Forms
- ASIIS Training Modules
 - Cold Storage
